## **Citizen Advocacy was made for times like these...**

When the original principles for Citizen Advocacy were developed, no one was preparing for, or even considering, a global pandemic. However, the issues these principles were designed to address — isolation, distancing, economic instability, feeling and becoming powerless — are just some of the barriers that people with disabilities have unjustly faced for decades. Citizen Advocacy was founded on the belief that a committed personal relationship was a transformative way to face and overcome these threats.

We have seen over the past few weeks and months just how powerful and effective relationships can be in meeting these threats, even as they are magnified many times by the advent of the pandemic. Advocates remain committed to ensuring that their partners have stayed connected, protected and safe. Advocates have had to be innovative as they continue to find ways to be lifelines for their partners in a variety of situations, while also maintaining a safe physical distance.

Michelle and Johanna stay connected through Zoom calls!

### **Citizen Advocates are:**

- **Making sure partners are getting food and important mail**
- **Making sure their partners are getting the proper care in nursing home facilities**
- **Calling their partners' social workers & caregivers regularly if their partners don't use words to communicate**
- **Sending their partners cards, letters and packages**
- **Making sure their partners have somebody to talk to over the phone during this time of lonely isolation**
- **FaceTiming/Zooming with their partners (one advocate is FaceTiming his partner every day!)**
- **Delivering take-out and other fun foods (one advocate even delivered a celebratory birthday cake!)**

# Letter from the President...

Dear Valued Friends and Supporters,

Unprecedented times. All in this together. Uncertainty.

Pivoting. Anxious. New normal.

These are just a few words and phrases that now define our lives. Over the last several weeks and months we as a nation and globe have been challenged to our core. We have witnessed unfathomable loss and heartache, and simultaneously the resilience and generosity of so many.

We hear so often about the feelings of fear, loneliness and isolation that this experience has created across all populations. But as we also have heard, no population is more at risk of these hardships than vulnerable people with disabilities. Enter Citizen Advocacy. With our dedicated staff, and many willing and creative Advocates, these potentially life-threatening stressors have been mitigated for their Partners. From a simple phone call or text to a video check in, this outreach is a lifeline that cannot be matched.

As we look to the future, we must first look to the past year with gratitude and accomplishment. We had started planning a festive celebration to commemorate 40 years of the Citizen Advocacy mission and work. We are now forced to take one day at a time, and to realize now more than ever, the critical role Citizen Advocacy plays in continuing to defy the odds for so many.

With deep thanks and gratitude for your continued support and belief in this work.

*Rebecca H. Bradbeer*

Rebecca Bradbeer, President of the Board

**Our Mission:**

**To initiate and support a variety of intentional relationships that provide advocacy for opportunity, protection from harm, sponsorship into community life, friendship, and justice for isolated people living with a disability.**

**Our Vision:**

**A world in which each life is valued, protected and celebrated for its uniqueness, through a vested relationship.**

### Thank you!

The work addressed in this report would not be possible without all of your steadfast and generous support. 2019 was an exciting year for Citizen Advocacy. We celebrated yet another successful Play With A Purpose, Spaghetti Dinner, and Phoenixville Run. We initiated 10 new matches and celebrated the anniversaries of over 35 existing relationships. 2020 was scheduled to be our 40th Anniversary, and although the spirit of celebration is still alive and well, the year itself is looking different than anyone could have imagined. As we look forward to the next 40 years, we can only continue to be grateful for your support and committed to making our community a better place for all.
